KAWSHIK KARMOKER

Computer Science and Engineering Student

+8801306840920 kawshikkarmoker1@gmail.com kawshik-karmoker-893b50281 GitHub Madaripur Sadar, Bangladesh

PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering undergraduate with hands-on experience in web development, machine learning, REST APIs, and database-driven applications through academic projects. Proficient in Python, JavaScript, SQL, React, Node.js, and PostgreSQL, with strong problem-solving and teamwork skills. Seeking a software engineering, web development, or AI/ML internship to apply technical skills in a professional environment.

WORK EXPERIENCE

Data Entry Specialist | Part-time — 2020 - 2022
UpWork — *Remote • Dhaka, Bangladesh*

- Entered and maintained 2,000+ records in client databases with 99% accuracy.
  Reviewed and verified 60+ documents per week, identifying and resolving data discrepancies before submission.
- Managed multiple data entry projects simultaneously, consistently meeting 100% of assigned deadlines.
- Processed 200+ data entries per day while maintaining high speed and accuracy.
- Utilized Microsoft Excel, Google Sheets, and database management systems to enter, update, verify, and retrieve data efficiently.

Technologies / Skills Used : *Microsoft Excel, Microsoft Word, Google Sheets, Google Docs, Data Entry, Data Validation, Microsoft Outlook, Data Cleaning, Data Processing*

PROJECTS

Bangla Fake News Detector | Github
Machine Learning Developer

- Developed a 3-stage NLP/ML system to detect fake Bangla news and misinformation through text preprocessing, feature extraction, and classification.
- Implemented machine-learning models for news classification and evaluated model performance using standard classification metrics.

Technologies : *Python, NLP, Machine Learning, Bangla Text Processing, Text Classification, Data Preprocessing, ML, TF-IDF, LightGBM, XGBoost, Scikit-learn*

AgroConnect — A Platform to Connect Farmers and Consumers | Github
Frontend Developer

- Developed a web-based agricultural marketplace connecting 4 user groups: farmers, consumers, transport owners, and administrators.
- Implemented responsive interfaces and web features for managing agricultural product information and user interactions.

Technologies : *PHP, PostgreSQL, HTML, CSS, JavaScript*

SkillBridge – Student Skill Exchange Platform API | Github
Individual Project

- Developed a RESTful API for 3 core areas: student profiles, skills, and peer-to-peer skill exchange.
- Implemented API validation, structured backend services, and database-driven operations.

Technologies : *Node.js, Express.js, JavaScript, REST API, React, JSON, PostgreSQL, GitHub*

AIUB - Library Management System | Github
Individual Project

- Developed a desktop application with 4 core modules: book inventory, student records, issue/return tracking, and authentication.
- Implemented MySQL integration, CSV reporting, and automated library-management workflows.

Technologies : *Python, CustomTkinter, MySQL, SQL, CSV, GitHub*

Heart Disease Risk Prediction Using Machine Learning | Github
Machine Learning Developer

- Developed a machine-learning pipeline to predict heart disease risk from clinical and demographic patient features. Achieved 92% accuracy with best performing classification model.
- Compared multiple classification algorithms and evaluated their performance using standard model evaluation metrics.

Technologies : *Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Jupyter Notebook, Machine Learning*

SKILLS

Programming :	C++, C#, Java, Python, JavaScript, SQL
Web & Frameworks :	HTML, CSS, React, Next.js, Node.js, Express.js, NestJS, Tailwind CSS
Tools :	Git, GitHub, Visual Studio, Postman
Databases :	PostgreSQL, MySQL, MongoDB
Soft Skills :	Problem Solving, Communication, Adaptability, Time Management, Teamwork

EDUCATION

American International University of Bangladesh | Dhaka, Bangladesh — Sep 2022 - 2026
Bachelor of Science in Computer Science and Engineering — *CGPA : 3.31*

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Software Engineering, Advanced Database Management Systems, Advanced Web Technologies, Machine Learning, Natural Language Processing, Computer Networks, Operating Systems.
